

SODIUM THIOCYANATE 50% Safety Data Sheet

1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND COMPANY INFORMATION

Product Identification

- Trade Name: **SODIUM THIOCYANATE 50%**
- Common Name: Sodium Thiocyanate 50%
- CAS#: 540-72-7

Company Information

- Linyi Kemele Co., Ltd
C639 JINKE DEVELOPMENT ZONE
Linyi, 276000
+86-539-3330033
- Prepared by Department of Environmental, Health and Safety

Emergency number – (served 24 hours)

- CHEMTREC +86-539-8510033

2. COMPOSITION / INFORMATION ON HAZARDOUS INGREDIENTS

- Chemical characterization: Mixture
- Description: Sodium Thiocyanate 50%

Components:

Chemical Name:	CAS#:	Content
Sodium Thiocyanate	540-72-7	50%

3. HAZARDS IDENTIFICATION

Classification of substance or mixture:

Acute Toxicity	Category 4	Oral, Dermal, Inhalation
Skin Irritation	Category 3	Mild Skin Irritant
Eye Irritation	Category 2B	Mild Eye Irritant

Irritant: This product may be irritating to the skin and eyes

Signal Word: **WARNING**

Hazard statement(s): Mildly irritating to skin and eyes.

Precautionary statement(s): Use skin and eye protection while using this product.

SODIUM THIOCYANATE 50%

Safety Data Sheet

Additional classifications:

HMIS Ratings (scale 0 – 4)

Health – 1 Slight

Fire – 0 Minimal

Reactivity – 0 Minimal

4. FIRST AID MEASURES

Inhalation: Move person away from exposure. If having difficulty breathing, administer oxygen. If breathing has stopped, administer artificial respiration and seek medical attention.

Eyes: Flush eyes with water lifting upper and lower lids occasionally for 15 minutes. If irritation persists, seek medical attention.

Skin: Remove contaminated clothing. Wash affected area thoroughly with soap and water. If irritation persists, seek medical attention.

Ingestion: Contact physician or Poison Control Center (PCC) immediately. Do NOT induce vomiting unless instructed to do by physician or PCC.

5. FIREFIGHTING MEASURES

Suitable extinguishing media: Use extinguishing media suitable for surrounding fire

Unsuitable extinguishing media: None are known

Specific hazards in case of fire: None are known

Special protective equipment required for firefighting: None are known

Additional information for firefighters: None

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:

- Wear appropriate PPE as needed
- Keep unprotected persons away

Environmental precautions:

- Prevent material from entering drains, septic systems, water sources, etc. by the use of dikes, absorbent materials and booms.

Material containment and clean up:

- Contain material with dikes. Vacuum up spilled material or use absorbent media. Remove spilled material to storage for proper disposal. Dispose of in accordance with local, state and federal regulations. Rinse residual stain with water.

7. HANDLING AND STORAGE

Precautions for safe handling: No special handling required

Information about protection against explosions and fires: No special measures required

Information about safe storage: Protect material from temperatures under 20°F (-7°C)

Shelf Life: 18 months

8. EXPOSURE CONTROLS / PERSONAL PROTECTIONS

Additional information about exposure controls: No further data; see section 7

Components with limit values that require monitoring at the workplace: None

SODIUM THIOCYANATE 50%

Safety Data Sheet

PPE (personal protective equipment) and hygienic measures:

- Wear ANSI approved safety glasses or goggles to protect eyes
- Wear latex or rubber gloves to protect skin

- Wash hands thoroughly before breaks and at end of work day

9. PHYSICAL AND CHEMICAL PROPERTIES

General Information:

- Physical state: Liquid
- Color: Clear to Light Yellow
- Odor: None

Physical properties:

- pH value (@70°F): 7.00 – 10.00
- Specific gravity (@70°F): 1.30 – 1.33
- Boiling point: 212°F / 100°C
- Freezing point: 10°F / -12°C
- VOC (w/w): 0%
- Solubility in / Miscibility with water: 100%
- Auto ignition: Material is not self igniting
- Flash point: Material is non-flammable
- Danger of explosion: material does not present an explosion hazard

10. STABILITY AND REACTIVITY

Material stability: Material is stable and not sensitive to mechanical impact

Possibility of hazardous reactions: None known

Incompatible materials to avoid: None known

Hazardous decomposition products: None expected during normal storage, handling and use

11. TOXICOLOGICAL INFORMATION

Acute toxicity:

- Eyes: may cause slight transient irritation
- Skin: may cause slight transient irritation
- Inhalation: exposure to vapors unlikely due to product physical properties
- Ingestion: amounts ingested incidental to industrial handling are not expected to cause injury.

SODIUM THIOCYANATE 50%

Safety Data Sheet

Chronic toxicity:

- Skin: prolonged or repeated contact with bare skin removes oils possibly leading to irritation and dermatitis.
- Target organs: not applicable
- Sensitization: not applicable

12. ECOLOGICAL INFORMATION

Ecotoxicity: low

Persistence and degradability: product expected to degrade in one month or less

Bioaccumulative potential: There is no evidence to suggest bioaccumulation will occur

Mobility in soil: Accidental spillage may lead to penetration in the soil and groundwater, however; there is no evidence that this would cause adverse ecological effects.

13. DISPOSAL CONSIDERATIONS

In its manufactured form this material is not considered a hazardous waste. Dispose of in accordance with local, state and federal regulations.

14. TRANSPORT INFORMATION

Material is not regulated for transport

15. REGULATORY INFORMATION

- Sara 302 (extremely hazardous materials): not applicable
- Sara 311/312: Acute health hazard
- Sara 313: Not applicable
- TSCA: All components are listed or exempt

16. OTHER INFORMATION

This information is based on our current knowledge and is furnished without warranty, representation, or license of any kind, except that this information is accurate to the best of Kemele's knowledge, or is obtained from sources believed by Kemele to be accurate. No warranty is expressed or implied regarding the accuracy of this information or the results to be obtained from its use thereof. Kemele assumes no responsibility for injuries proximately caused by use of the Material if reasonable safety procedures are not followed as stipulated in this Data Sheet. Additionally, Kemele assumes no responsibility for injuries proximately caused by abnormal use of the Material even if reasonable safety procedures are followed. Buyer assumes the risk in its use of the Material.
